

# MSS®-HEMERA Otomat AC

## Acidic Cleaning Agent for Scrubber Machines

### Features

It is an acidic automat cleaning agent that removes lime and cement deposits that form over time or are contaminated from elsewhere on surfaces and equipment. It easily dissolves salt, lime and moss layers. It does not damage coatings such as paint, varnish, polyester, epoxy, etc. on surfaces. The active ingredients in the product are 90% biodegradable in nature. It is water-based. It disinfects the surface and provides hygiene with its balanced acidic composition. It does not contain solvents and aggressive acids. It is a product that is friendly to nature and its user.

**Composition:** Contains special acids <30% and paint.

**Physical Properties:** Transparent liquid

### Areas of Use

First cleaning applications after construction, warehouses, old buildings, yachts, ships, all acid-resistant surfaces, water tanks where moss forms, etc.

### Usage Method

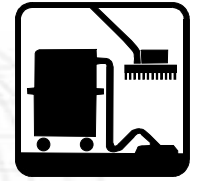

Always prepared by mixing with warm water (below 30 °C). The surface must be rinsed after application. For normal rust accumulations, dilute with water at a ratio of 1:10, for more intense rust, dilute with water at a ratio of 1:5. The prepared solution is pulverized on the surface or filled into the automatic clean water tank, scrubbed and rinsed. If necessary, the application is repeated. Since it does not contain aggressive acids and contains corrosion inhibitors, it prevents rust formation on the cleaned surface for a long time. It gives the surface a bright and well-maintained appearance.

It is diluted with water at a ratio of 1:20 - 1:10 and sprayed on the surface. It is also used safely in the cleaning and polishing of all stainless steel and nickel-plated surfaces.

### Safety Symbol

### Building Maintenance

ISO 9001 : 2000  
ISO 14001 : 2004  
ISO 22000  
HACCP / TS 13001  
OHSAS 18001 / TS 18001

Sağlık Bakanlığı onaylıdır

Standartlarına göre üretilmiştir.

### CLEANING COLOR CODE

Concentrated  
Xi: Irritant

R 36/38 Irritating to eyes and skin.  
S 24/25 Avoid contact with eyes and skin.  
S 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S 37 Wear suitable protective gloves when working  
S 39 Wear protective glasses/mask.

**Product Code:** MSS19037

**Packaging Type:** 20 L (20,60 KG)

**Consumption Quantity (m<sup>2</sup>):** Islak Silme: 0,50 ml / m<sup>2</sup>  
Temel Temizlik: 60 ml / m<sup>2</sup> Genel Temizlik: 2 ml / m<sup>2</sup>
