

# MSS®-HEMERA Stripper

## Stripper

### Features

The product is alkaline, has an intensive cleaning agent, is low foaming and has a pleasant smell. Removes soap films, wax coating, oil and grease.

Contains more than 90%-biodegradable surfactants - well within legal requirements.

### Ingredients

Nonionic surfactant <5, water soluble solvents, phosphate <5 and alkali.

### Applications

Suitable for all waterproof and alkali resistant floor coverings such as PVC, synthetic resin, stone and asphalt. Can not be used on alkali sensitive floor coverings such as linoleum or rubber.

### Directions

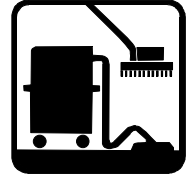

Dilute 0,5 – 2 litres in 8 litres of cold water, depending on kind, age and thickness of layer. Distribute the cleaning solution on the floor, allow to act for approx. 10–15 minutes, scrub, add clear water if necessary, vacuum, rinse thoroughly with clear water.

MSS-Group accept no responsibility for damage resulting from improper use or application of the product.
