# WBC- Climashine

## Air Conditioner, Radiator, Aluminum Cleaning and Maintenance Agent

### Features

It is an oil and dirt solvent, does not contain acid, and safely cleans air conditioner radiators and ventilation coils due to its aluminum surface cleaning and polishing properties. It does not damage aluminum surfaces. It does not require brushing. It is safe and economical, non-flammable, diluted with hot or cold water between 1 to 25 and 40. It does not harm the environment, it is biodegradable. It does not contain solvents. It is fast-acting, quickly dissolves oil, grease, heavy dirt and deposits. It is easy to use. Spray on dirty surfaces, rinse, does not require brushing.

**Composition:** Contains alkaline substances, silicates, and surfactants.

**pH (of 10% solution):** 10.0 ± 1.0

**Specific gravity g/cm<sup>3</sup>:** 1.0 ± 0.1

### Areas of Use

Climashine is used in the cleaning and polishing of all aluminum surfaces, cleaning of air conditioner radiators and air conditioning windings, and ventilation chimneys. Since heat conduction will increase, cooling, heating and ventilation efficiency will increase. Aluminum surfaces will gain a clean and shiny appearance. It provides perfect cleaning in all kinds of cleaning to be placed in the tanks in pressure sprayers. Its foam is controlled. It can be used with washing machines. Climashine has a high concentration. It should be rinsed after use.

### How to use

Depending on the dirt density, 1 unit of Climashine is diluted with 20 - 40 units of water. It can be used in cold and hot pressure washers. It can be used in steam cleaners. It is sprayed on the dirty surface with hand sprays and rinsed with clean water.

It can be used hot and cold in the immersion method. Depending on the density of dirt and oil, 1 unit of Activegraset is diluted with 20 - 50 units of water. It can be used with cold and hot pressure washers. It can also be used with steam cleaners. It can be sprayed on the dirty surface with hand sprays. If the dirt is heavy, brushing and wiping may be required. It should be rinsed after use.

**NOTE:** If used on polished surfaces, Climashine may damage the polish and paint.

### Storage

Do not store below 2 °C (35.6 °F) and above 50 °C (122 °F). Shelf life is 4 years from the date of production.

### Packaging

20 liters

Product code: TC 80047
