

MSS® -FERONIA Alkali

Heavy Duty, Oil and Blood Remover Powder

Characteristics

Feronia-Alkali can be used in every type of industrial washing machines. It can be used in wetting process before wash. Feronia-Alkali is the perfect solution for cleaning heavily soiled laundries, such as operating room and kitchen laundry. It can be used as subsidiary washing component. It can be used in washing white and colored, fabrics made up of cotton, synthetic, cotton&synthetic mixture fibers. It is strongly advised to avoid applying Feronia-Alkali on delicate fabrics. It is effective in every temperature. It is economical and environmentally friendly.

Composition

Caustic (alkaline provider), sodium carbonate and complex former.

Physical Characteristics: White fluid powder.

Directions and Dosage

Feronia-Alkali can be used in the cleaning process of heavily soiled, oily and blood stain laundry. It can be used together with main and subsidiary washing products (Feronia Simple, Feronia-Fat&Oil) in wetting, pre-washing and main washing processes. It is not appropriate to apply it on delicate laundry. Feronia-Alkali should not be applied on laundry directly. It is more secure to use it after diluting it with a small amount of water. It mustn't be mixed with Feronia Lime.

Two methods of dosage are given:

1. According to weight of dry laundry: g/kg (float ratio 1/5)
2. According to washing water: g/l

According to Type of Soil	g/kg	g/l
Little	5	1
Medium	10	2
Heavy	15	3

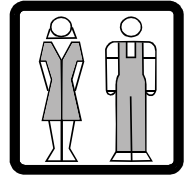

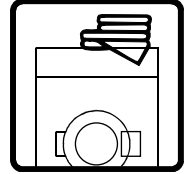

Storage

Store it in a cool and dry place (keep it tightly closed). Do not stack more than five buckets on top of each other.
