

MSS®-FERONIA Ink

Ink Stain Remover

Characteristics

Feronia Ink can be used to clean stains containing organic compounds in their compositions such as: ball point, lip stick, shoe polish, cosmetic, candle, chocolate, natural or mineral oil, pencil, felt-tipped pen stains. Before using the product for colored and delicate laundry, test colorfastness on a small hidden part of the fabric.

Composition

%5-%15 Anionic surface active component, %5-15 Aliphatic hydrocarbon, >%30 organic solvents, protective components and perfume.

Physical Characteristics:Red liquid.

Directions and Dosage

Feronia Ink is applied by pouring a few drops directly on the stain. After waiting 15-20 seconds, rinse with a lot of water. The stains will disappear. Heat and mechanics make removal of stain easier. If the stain is not removed, repeat the process.

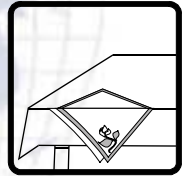

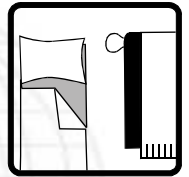

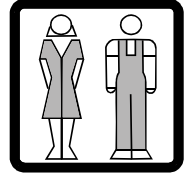

Storage

Store it in a cool and dry place (keep it tightly closed). Do not stack more than five boxes on top of each other.
