

MSS®-FERONIA Lime

Lime / Grey Remover

Characteristics

Lime and metallic salts which are reason for hardness of water, cause fabrics get gray. If inadequate amount of washing product is used, all the lime and metallic salts in the washing water cannot be bound. As a result, free lime in the water precipitate on the surface of the laundry and start to form a layer on the surface of the fabric. In a very short time fabric gets dirty grey color, and become hard. At this stage fabric cannot be cleaned by any other washing products except Feronia Lime. Feronia Lime cleans fabric with a special washing process in its first application. After that process fabric regains its whiteness and softness. Feronia Lime renews the fabric and makes it usable for a long time.

Composition

Nonionic surfactant, inorganic and organic acids, corrosion preventive.

Physical Characteristics: Light yellow, clear liquid.

Directions and Dosage

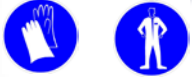

After using Feronia Lime in pre-washing process by using proposed temperature, washing time and dosage for gray and restaurant laundry, in order to remove acid on the surface of the laundry carry out three minutes rinsing for two times. After that, proposed washing and bleaching processes can be applied. Equipments should be plunged into solution completely. Solution should be prepared in a plastic cup and should not be used with alkali and chlorine components. After plunging they should be rinsed well. Duration of plunging should be long enough to remove rust but it shouldn't be more than 3 hours. If the solution is prepared with hot water reaction takes place faster.

Dosage: Add 1 liter of Sirene-Kalk to 4–8 liters of water (according to the intensity of soil and rust)

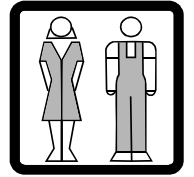

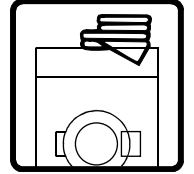

Storage

Store it in a cool and dry place. Do not stack more than two tight-head containers on top of each other.

CLEANINGCOLOURCODE

Xi: Irritant

R 36/38 Irritating to eyes and skin.
S 2 Keep out of the reach of children.
S 3 Keep in a cool place.
S 23 Do not breathe gas/fumes/vapour/spray (appropriate wording to be specified by the manufacturer).
S 24/25 Avoid contact with skin and eyes.

Product Code: MSS32053

Consumption per square metre:

S 26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
S 37 Wear suitable gloves.
S 46 If swallowed, seek medical advice immediately and show container or label.
S 50 Do not mix with ... (to be specified by the manufacturer).

Packaging: 3 L (3,51 KG)

Address: Ferhatpaşa Mahallesi Anadolu Caddesi No 14 Samandra İstanbul
