

MSS®-FERONIA Paint

Paint and Oil Stain Remover

Characteristics

Sirene-Stain Paint can be used to clean the fabrics colored by other colored fabrics or grayed by iron in the washing water. It can be used in cleaning fabrics made up of cotton, synthetic, cotton-synthetic mixture fibers. Before using Sirene-Stain Paint for colored and delicate laundry, test colorfastness on a small hidden part of the fabric.

Composition

Inorganic reducing agents, complex builders.

Physical Characteristics

White fluid powder.

Directions and Dosage

In normal washing use 10–25 gr/l, 75–80 oC of water for 10–15 minutes wash. After main wash, normal wash should be carried out together with bleaching components. If washing water contains iron, use 2-5 gr/l Sirene Stain Paint in last rinse. At 45-50 oC five minutes rinsing should be done. Sirene Soft can be added together with Sirene-Stain paint to the last rinse. It can not be used for washing colored fabrics

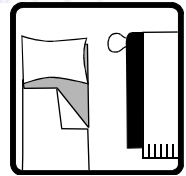

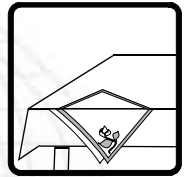

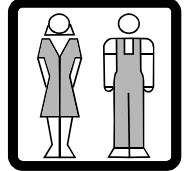

Storage

Store in a cool and dry place (keep it tightly closed). Do not stack more than five boxes on top of each other.
