

MSS®-FERONIA Rust

Rust Stain Remover

Characteristics

Feronia Rust can be used to clean stains, cannot be cleaned with normal washing like; rust stains formed by minerals such as iron, and copper. Also it can be used to clean cement, and mud stains. Before using the product for colored and delicate laundry, test colorfastness on a small hidden part of the fabric.

Composition

Anionic and nonionic surface active component, ammonium hydrogen fluoride. (%15–30)

Physical Characteristics: Transparent fluid.

Directions and Dosage

Feronia Rust is applied by pouring a few drops directly on the stain. After waiting 15-20 seconds, rinse with a lot of water. The stains will disappear.

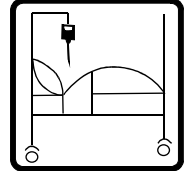

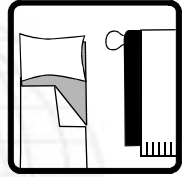

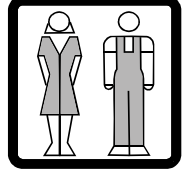

Storage

Store it in a cool and dry place (keep it tightly closed). Do not stack more than five boxes on top of each other.
