

MSS®-FERONIA Tanin

Fruit Stain Remover

Characteristics

Feronia Tanin can be used in cleaning stains such as fruit and vegetable juice, tea, coffee, marmalade, red wine, sauce stains. Before applying Feronia Tanin on colored and delicate fabrics, test colorfastness on a small hidden part of the fabric.

Composition

>%3 anionic and nonionic surface active component, %5 –15 organic acid and %15-30 organic solvent

Physical Characteristics: Transparent Liquid

Directions and Dosage

Feronia Tanin is applied by pouring a few drops directly on the stain. After waiting 15-20 seconds, rinse with a lot of water. Heat and mechanics make removal of stain easier. If the stain is not removed, repeat the process.

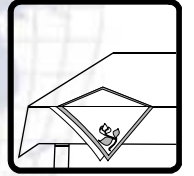

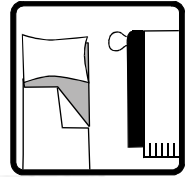

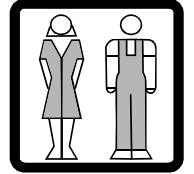

Storage

Store it in a cool and dry place (keep it tightly closed). Do not stack more than five boxes on top of each other.
